PROJECTS:

AgroHelp: Developed   a   AgroHelp   Agriculture   management   website.
That helps the farmers to sell their agricultural products online and suggests best-in-practice farming processes.
Also providing a wider market and helping them to not restrict themselves to the local market.
It features online shopping for Fruits, Seeds, Vegetables & Spices, etc.
As a whole, 'AgroHelp' provides a concept of virtual agricultural trade to its users.
